IDAHO'S STATEHOOD.

The Mormon Question Made the Cloak for Opposition.

Washington, April 2 - Mr. Baker, of New York, called up a bill authorizing the construction of a bridge and approaches at New York City arross the Rutson river, to regulate commerce in and over such bridge between the scales of New York and New Jersey and to establish such bridge a military and post road. The bill was massed. was passed.

The house then proceeded to the consid-

The house then proceeded to the consideration of the Idahe advantage and the Mr. Donsey, of Nebradaa, in charge of the bill, opened the delate with a speech in its favor. The only opposition to the admission of Idahe, he said, came from the Mormons. They protested against the provisions of the constitution which distrainchised bigamists and polyganists and persons who are members of any association which encourages begamist

Mr. Mansur, of Misseuri, disclaimed any sympathy with the institution of solegants, but he criticised the provision of the con-stitution disfranchising the Marstitution disfrancessing the Mor-mons. The real reason for disfranchising the Mormons was that the Mormons in Halne voted the Democratic ticket. It was not a question of principle, but of ex-

pediency.
Mr. Dubois, of Idaho, earnestly nive-cated the admission of Idaho into the

nonneed the action of the committee on territories in failing to report a bill for the admission of the state he represented. His people had been unfairly treated. Arizona had every qualification for statehood which Mentana. Dukota or Washington possessed. But the bill for her admission was to be smothered in committee simply because she had seen fit to send a Democrat to this congress. It was unfair treatment, and he voiced the Republican as well as the Democratic element in his territory in protesting against

HID DISGRACE IN DEATH.

HID DISGRACE IN DEATH.

LEAVENWORTH, Kan., April 2.—Robert Fischer, janitor of the Redmond Lodge, died at 10 o'clock this morning, aged 49, probably from the effects of an overdose of morphine. He was found in an unconscious condition in the room which the lodge uses as a place of meeting and by his side was an empty bottle which is thought to have contained morphine. Doctors were summoned and all possible means used to revive him but without success. Fischer leaves a wife and four children.

It has come to light that Fischer committed suicide. He used some of the funds of the Cigarmakers' union which he was unable to make good and so ended his troubles with morphine.

STRANGE DISAPPEARANCE OF MONEY.

STRANGE DISAPPEARANCE OF MONEY. STRANGE DISAPPEARANCE OF MONEY.

CHICAGO, III., April 2.—The unaccountable disappearance of a package of money containing \$10,000 is troubling the United States Express company. The money was lost Saturday somewhere between the United States Express office and the National Bank of Illinois for which institution it was intended. The money delivery clerk has not been arrested, as it is probable he knew as little about the manner in which the package disappeared as do the President Wygant of the express company or President Schneider of the bank. A detective agency has been hired to investigate the case but its efforts have thus far been futile.

STUDENTS SHUT OUT. The Petersburg University Closed by the Authorities.

St. Petersburg, April 2—In consequence of the discovery of conspiracy among the students the university here has been closed by the authorities. Two hundred students presented themselves at the institution this morning, but they were all refused admission. The institute of technology has also been closed for the same reason and 300 students were refused admission to the institution.

same reason and 300 students were refused admission to the institution.

Count Delianoff, minister of public instruction, has refused to receive the petition recently prepared by the students at the university asking for a reduction in the entrance fees, the unrestricted admission of Jews and the equality of female and male students. Three hundred excited university students assembled today intending to march to the ministery of public instruction, but the police intervened and arrested 175 of them. Three hundred students of the technological institute and many pupils of the school of forestry and the academy of medicine have been arrested for taking part in seditions een arrested for taking part in seditious

MOSCOW STUDENTS ARRESTED.

Moscow, April 2.—Fifteen of the students arrested will be tried on 'the charge of being political revolutionists. Fortytwo have been expelled from the university. Of this number thirty-seven have been allowed the right to enter other universities. Forty-four will be subjected to minor punishments and the remainder will be released. These disorders are considered to be a sign of revolutionary plans in connection with the agitation in foreign countries in regard to the treatment of political prisoners in Siberia and the recent letter of Madame Tehebrikova to the czar. It is not thought the movement has the slightest prospect of success. The masses of people are theroughly loyal and the official's therefore strongly depreciate any manifestations of the students. Sixty students at the Charoff university have been arrested and eleven expelled. Order has been restored there.

THE WORK AT LOUISVILLE. Louisville, Ky., April 2.—The work of tearing down demolished buildings progressed very mpidly this morning and within a few days most of those standing will be levelled. The debris will be carted to the suburbs to fill up holes, but it will be many weeks before it is clear of the rubbish. The pavements are being cleared Building and Street Inspector McDonald has condemned about thirty buildings since sterday morning. The owners rendily cepted McDouald's views as to the ungs have been issued and the new build ings promise to be much more substantial than those destroyed. There are plans making for several very handsome structures. Subscriptions continue to come in liberally and today \$11,112 was added to the board of trade fund. The relief committee is busily distributing this fund as most effectively to relieve suffering. At the water works, the temporary machinery was tested today and worked satisfactory. It is now believed that danger of a water failing has passed.
